Shri H.L. Bhartia was Voted to the Chair

Shri Bhartia welcomed all the members of the School level fees committee

He informed that due to increase in Cost substantially and at the same time maintaining the high standard and other expenses of the school, it is imperative that the school fees is increased proportionately, His demand was that 15 % to 20% Increase in school fees should be hiked for the academic session 2025-26.

It is very well understood that the monthly expenses of the school are met from receipts of the school fees and bus charges.

Member of parent side were of the view that every year increase in fees cause us very painful problem to manage finance and all the members representing parents were of the opinion that the school fees should not be increased.

After due discussion finally it was agreed that no school fees will be increased this Year.

With a Vote of thanks to members, the meeting was adjourned.
